

CANDIDATE MANAGEMENT SERVICES VIA CERTMETRICS™

Whether you need a comprehensive candidate management system that provides multiple portals and a seamless candidate experience facilitated via SSO across a multi-vendor environment, a system that provides only reporting and logic processing, or something in-between, we can tailor CertMetrics™ to fit your needs. As an employee-owned company we deeply care and are committed to your success.

CertMetrics™ Core

Credential Management: Credential, renewals, and tiered credential management

Communication Tools: Customized candidate portal, emails, and announcements

Company Branding: Candidate and test sponsor portals

Candidate Sharing: E-certificates, transcripts, and badging

Candidate Recognition: Fulfillment and benefits

Reporting: Standard and psychometric reports

Data Exchanges: APIs and flat files with leading test delivery providers and learning management systems

Data Management: Data import/export, validation, and deduplication management

Program Management and support
