

Meet the next generation of scoring intelligence

Our advanced assessment AI can score complex papers in seconds.

EMMA is the cutting edge of AI scoring engines, designed to learn from and mimic human scorers to process assessment results at speed and scale.

Save time, money and manpower

Flexible to any scoring environment

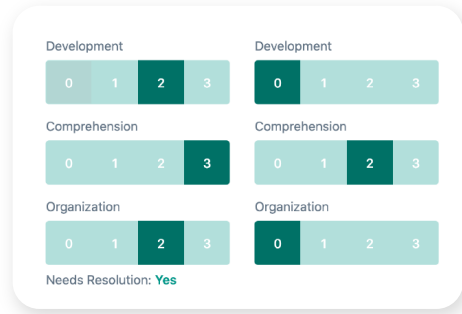

Built with authentic assessment in mind

Easy, collaborative quality assurance tools

Get a perfect score with every paper

We've paired a sophisticated machine learning algorithm with natural language processing to create an AI assessment system that learns from human scoring.

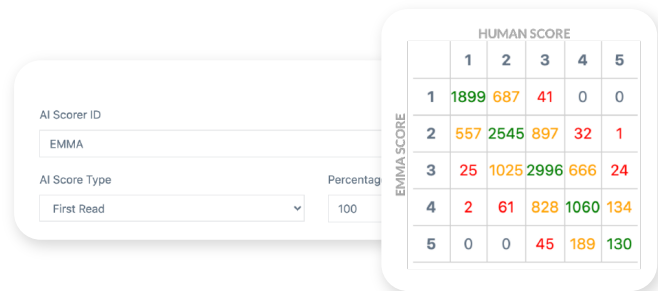

As accurate as it gets

We've pitted EMMA against leading accuracy benchmarks in the assessment space and it came out on top. Collaborative quality assurance tools mean you can score quickly with confidence.

No question is too difficult

EMMA is based on the OSCAR framework and integrates with all existing item types. We can even help you create custom solutions for complex assessment needs.

Custom AI integration for total control

EMMA was designed to create symbiotic relationships with humans. Allowing for you to be in control and have full transparency. Human and AI settings can be tailored for each assessment item. **Choose your level:**

Human-only

Mark exams yourself and report instantly with OSCAR

Human-assisted

Mark on your own and let EMMA check the results

Hybrid

You and EMMA work together to mark every item

Trained-AI

Train EMMA with human scores then leave it to do the rest

Generic-AI

Let EMMA mark for you against a templated framework

Built to lower costs

The whole MZD family was designed to make large-scale assessment cost-effective. Dramatically reduce the man-hours required in scoring so you can focus on the work that matters.

See instant results

EMMA is built around the OSCAR framework, meaning you can get access to assessment results in real-time. It's perfect for helping you improve teaching outcomes on the fly.

EMMA is the ideal automated scoring solution for:

Assessment partners and providers

Higher education institutions

School groups, districts and trusts

Licensing organisations

Awarding bodies
