

***Your Paper and Pencil Exam  
Solutions Partner***

---

Like you and your customers, we see more than ink on paper. We know it's not just a test. It's that big break. A pathway to the future. An opportunity for new and continuing learners to make an impact. A tangible pledge to personal enrichment and excellence. Because when we look beyond the fine print, it's easy to see the future.

## DELIVERING MORE

### SECURITY

You're protected. A dedicated team manages and monitors all controls through our robust security posture that includes layered protection for data, document, physical, and personnel security. Exam components are produced in one location and reviewed inside a secure government-certified facility.

### ACCURACY

With multi-point quality inspections and accuracy checks integrated into our technology, you won't have to worry about the test taker being adversely affected.

### ACCOUNTABILITY

Our goal is to ensure every test taker has a positive experience. That means the tests we produce are not just accurate and complete, but verifiable. Optical verification systems are used in tandem with our automated job tracking system for tracking, reporting, and auditing purposes.

### CONFIDENCE

We've got your back. Your dedicated Program Manager will personally oversee all aspects of production to ensure the right test gets to the right test taker on time.

### CUSTOMIZED SOLUTIONS

A company standard. We work collaboratively to develop solutions that work efficiently and effectively to meet the needs of both you and the test taker.

### EXPERTISE

With over 60 years in the printing industry, we are committed to the future of paper and pencil exams. Experts specializing in testing and assessments understand the requirements to ensure your project goals and results are delivered.
